

DIAMOND EMBROIDERY PAINTING TECHNIQUE

MUST-HAVE CRAFTWORK KIT

COLLECTION  D'ART

Collection D'Art company offers a very trendy product in the world of craft at the moment –

DIAMOND EMBROIDERY.

Continuing a tradition of the brand we would like you to join us in a discovery of embroidery with diamond-shaped sparkles

An item embroidered with sparkles looks like a skillfully made bead embroidery by its design. But this work is performed without a needle or thread.

Performance simplicity and precise instruction exclude a chance of any mistake, making this process accessible for handiwork beginners. Moreover, the diamond embroidery gives an extra charm and unique features to embroidered items:

- It never loses its quality and colour;
- It gives a specific texture and relief to an embroidered canvas, making it utterly realistic;
- Using a wide colour range with the smallest shade transfer allows to show a real colour and shade play, bringing the 3D effect.

Diamond embroidery helps to make a hand-made masterpiece within the shortest time.

Diamond embroidery is a simple kind of creative work.

This fancy is affordable to everyone.

It helps to relax and has an anti-stress effect. Working on a new picture, you will get a great boost of positive energy.
