#### ADVANTAGES OF OUR PRODUCT:

- Fully controlled manufacturing process from the designing, production up to ready packing products. Our products are CE certified according to the EU regulations.
- Sparkles (drills) are made by using special technology: they never lose quality and colour. Sparkles are presorted in re-usable bags.
- Shapes of sparkles (drills) - diamond (square), precisely 2.5 mm x 2.5 mm. There won't be any empty holes and completed project has a 5D effect.
- Quantity of sparkles (drills) per design: +20% extra for each project.
- Quality of sparkles' colors: there is a strict quality control for each production run to be sure the colours and their shadows are always the same.
- Quality of canvas: canvas has double adhesive base, special engineering solutions and materials are applied. This guarantees that sparkles will hold fast after completion of the project for a long time. Rolled up canvas has no fractures or bends. Canvas does not stretch or sag, holds tension.
- All designs have a full coverage; there are no «printed spaces» in the finished project.
- System of symbols for each design is manually developed by our designers. Taking care of the comfort of your eyes, we design symbols so that your eyes do not get tired and you enjoy the process.
- Working instruments: we offer both options in each kit: tweezers and "magic stick" –stylus. Two craft trays, dry glue pad. Instruction in 10 languages is included.
